2 Piece 

"The baseplate is more flexible during my work as a gardener. I bend and stretch a lot and the product feels nice and does not fold."

**Available in Closed and Drainable,  
60mm and 80mm ring size**

### **Added Security**

Secure coupling, sealed with an audible 'CLICK' giving you complete confidence that your pouch is secure.

### **Unique "Peel" Down Action**

Giving you greater control over your bag changes.

### **Greater Speed & Ease**

Pop-up flange relieves downward pressure on your abdomen and allows for a much quicker and easier pouch change.

### **Flexibility and Comfort**

6-fluted flange adapts to your body shape and is particularly useful over hernias.
