4 AREAS OF ENHANCED PERFORMANCE

■ Moisturising ⁽¹⁾

May help to nourish the delicate skin around the stoma and prevent dryness. It hydrates skin, and helps to prevent further water loss.

□ Replenish ⁽²⁾

May help to improve and replenish damaged skin.

■ Soothing ⁽³⁾

May help to minimise skin irritation that can be caused by the application and removal of a pouch.

■ Kind to Skin ⁽⁴⁾

May help to reduce skin damage and skin redness given its antioxidant properties.
